WINTER TRAVEL GUIDE >

The Inn Above Tide

There's no such thing as a bad view at this waterfront hotel in **Sausalito, California**. Its 26 guest rooms and seven suites are designed with swivel furniture, perfectly placed beds, and plenty of windows to maximize the eye-popping panorama of San Francisco Bay. Spring for one of the newly redesigned suites to start the day with quiches, pastries, and locally sourced fruit on a private balcony, lounge next to a fireplace, or soak in a jetted tub overlooking the water. For a different vantage point, rent a kayak nearby or ask the concierge to arrange a sailing lesson—whatever floats your boat. *From \$415*

HOP ABOARD

San Francisco is 30 minutes away via the Golden Gate Ferry, which docks next door multiple times a day.

EYE

Complimentary binoculars make it easier to take in Alcatraz Island, the San Francisco skyline, and—if you're lucky—sea lions.

CREATE

Drawing on Sausalito's history as an artist's haven, rooms come with a coloring book of town landmarks, sketched by local illustrators.
