Most of the 31 rooms at this Sausalito slice of heaven can check all the important boxes for an outstanding trip to the coast, including fireplace, private patio, plush bed, and a deep tub. Once you tire of staring at the San Francisco skyline or the iconic Golden Gate Bridge, dive into your Summer read. No worries if you forgot it on your bedside table at home. The hotel sells a kit with all the accouterments you could need, including Champagne, a Voluspa candle, saltwater taffy, Mother's Little Helper tea, and a copy of local author Joyce Maynard's new book based on a true mystery that unraveled nearby.
